

Section 401 Water Quality Certification Public Notices

The Central Coast Water Board is currently reviewing applications for the following project for certification under Section 401 of the Clean Water Act. We encourage public comments on the proposed work, which will be considered in the decision. You may submit comments in writing on any of these projects to:

Central Coast Regional Water Quality Control Board
895 Aerovista Place, Suite 101
San Luis Obispo, CA 93401
Attention: 401 Coordinator

Project Applicant	Cecilia Bourdreau – Caltrans
Applicant's Agent	N/A
Project Name	Slo-Ops 1b
Receiving Water	An unnamed tributary to Arroyo Grande Creek and an unnamed tributary to Meadow Creek
City/County	Pismo Beach and Arroyo Grande/ San Luis Obispo
Public Notice	6/1/07 to 6/21/07
Project Description	<p>The purpose of this project is to make operational improvements along State Route 101 to improve traffic operations and to reduce the potential for congestion-related traffic accidents.</p> <p>The project activities include: replacing the existing concrete lined channel in drainage 1 with an 1800 mm RCP, constructing a wingwall at the outlet, and installing approximately 15 linear meters of rock slope protection at the outlet of the new RCP. Additionally, a reinforced concrete box culvert will be extended by 2 meters. At the second drainage, 4 meters of the existing 600 mm RCP will be removed and replaced with 5.5 meters of 600 mm RCP, extending the culvert by 1.5 meters. A new headwall and concrete apron will be constructed at the inlet of the RCP and a drainage inlet will also be added.</p> <p>No mitigation was proposed for this project.</p> <p>A Categorical Exemption was declared for this project.</p>
